

## OFFICIAL RESULTS

# 3<sup>rd</sup> ALEXANDER VOLTA RTTY DX CONTEST

Also in this 3rd edition the Alexander Volta RTTY Contest has obtained the usual good success

The stations in activity was 220 so distributed:

North America	132	(59,44%)
Europe	71	(31,9 %)
Oceania	8	( 3,6 %)
South America	6	( 2,8 %)
Africa	4	( 1,8 %)
Asia	1	(0,46 %)

#### PARTECIPAZIONE BY COUNTRIES

W-K	120
I1	29
DJ-DL-DM	16
VE	9
VK	6
G-GI	5

During the Contest were active stations in the following countries:

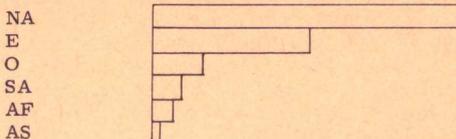

North America  
Europe  
South America  
Africa  
Oceania

#### Regular Log received from:

W-K	20	(16%)
I1	8	(27%)
DJ-DL-DM	7	
G	2	
VE	3	

Anche in questa terza edizione l'Alessandro Volta RTTY Contest ha ottenuto il solito ottimo successo.

Le stazioni attive sono state 220 così distribuite:

#### PARTECIPANTI PER PAESI

F	4
YV-SM-UA	3
HB-KH-ON-OZ-ZS	2
FG-HA-KL-KP-LA	2
LU-LX-UA-PJ-VO-	1
VU-PJ-7Q7-PA-	1

Durante il Contest erano attive delle stazioni nei seguenti Paesi:

K-W-KL-KP-VE-VO-FG-  
I1-DJ-DL-DM-G-GI-HA-HB-SM-UA-F-LA-PA-  
LU-OA-PJ-PY-YV-  
ZS-7Q7 -  
VK-KH-

#### Sono stati ricevuti Log regolari da:

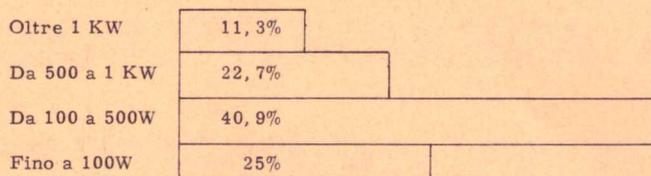

F-LA-LU-ON-OZ-	} 1
SM-VO-VU-VK-ZS	
HB-	

Hanno inviato il Log oltre il tempo massimo:

WA 2 YVK- W 2 FAN- WB 6 OBE- K 6 EQV- K5 OLU-

# THE CONTEST IN THE COMMENTS

## OF THE PARTICIPANTS

Extremely poor conditions

Floyd W2 RUI

Sorry conditions were not better

Matt W6 LDF

Fifteen meter "folded" to Europe about noon local time, but would have been good to Africa had there been much activity from there.

Short skip conditions prevailed on 14 Mc/s during the day, and some of the strong U.S. stations made some of the available DX stations. Perhaps less CQ calling and more listening would have revealed more DX.

Cliff W4 CQ1

As usual, I enjoyed myself thoroughly, but it was one of the worst contests as far as band conditions are concerned.

Although I heard a few Europeans being worked I never heard a one. The same for Africa and Asia.

I believe you were smart in dropping the time to 30 hours.

It gives everyone enough time and yet is not too long. Only objection I could see was for KA9AK.

If you don't make it on Saturday you miss him.

Robert WA 6 WGL

Thanks for fine Contest. Bands poor here.

VE 2 HL

Conditions to Europe very poor but had a lot of fun in the Contest. Looking forward to the next A.V. Contest.

George W8 FWG

Enjoyed the Contest very much although I couldn't stay at it full time. The band conditions were not too good.

WØ HAH

The QRM was really bad and there were no takers for this some prefix.

The Contest was interesting but there would have been more if DX stations were given more exchange points for rare prefixes: VU-KA, etc.

VU 2 KV

Sorry I was not able to participate the full time in the Contest.

As I had only a limited time, I decided to use one band operation.

This was probably a mistake as the band were erratic.

I like the shorter Contest time, principally because stations with a limited time to devote are on a more equal basis. However the shorter time does not allow for the better band opening.

John K4 VDM

Was very sorry to see the conditions so bad during the Contest period.

I am sure next year will be better.

John W3 KDF

What a pity propagation was so very poor after all your effort.

I already look forward to your "Fourth".

G6 JF

The Contest was very well. I think the time of 30 hours is very much better. I have worked my first VK stns. Sorry the activity on 7 Mc/s is very poor.

Erwin DJ 3 BW

I like this Contest but conditions were not good. Only heard a few DX stations and could not get them to hear me. Expect to work more than the last Contest, but did not, so will hope for better luck next time. I think I had lots of company anyway.

Charles VE 4 FG
